The computer has given everyone the capability to generate more information than ever, and managing it is increasingly complex. Ironically, the one thing in the office that technology has not changed is how we file and retrieve paper, until now.

The Paper Tiger is powerful software combined with a proven system for filing and retrieving paper (also works great for CDs, diskettes, videos...really anything). The software allows you to find information in your office or home FAST!

**\*\*\*\*\*YOUR 100% SATISFACTION GUARANTEED!\*\*\*\*\***

In development for over two years, The Paper Tiger software is designed to help you be more effective. Many of our users say it has revolutionized the way they work and greatly increased their productivity. It is simple to use and understand. There is no paper scanning required. Unlike other systems, The Paper Tiger software solves your organizational problems by eliminating complexity. It really works!

If you have ever spent time rummaging through stacks looking for that one piece of paper you need for an upcoming meeting, or actually filed something only to forget which word you wrote on the file folder tab - or just need a better way to keep up with the mountain of paper hitting your desk - this software is for you.

**\*\*\* This does not require scanning \*\*\***

To order, simply fill out the form below and return this document to us via fax at 801-469-8944 or mail it to the address below.
